

AIR NIPPER BLADES

If It is a Little Hard to Use with Standard Blades, Our Spec Blade Manufacturing Line is Convenient for Your Option.

Capacity is listed as instant reference and depends on operation conditions.

SPEC BLADES

VESSEL also manufactures the special (spec) blades according to various applications, thereby meeting flexibly the wide-range operations with low cost and speedy action. For 13-kind shapes as below, the dimension with blue arrow should be specified. In addition, also for other shapes, available to manufacture from one pc. Refer to the next page.
